BOYS RECAPTURED AFTER
SHOOTING HEADMASTER

LONDON, Feb. 16 -- Ten boys, 11 to 15 years old, who stole four rifles from their school armory and fatally shot their headmaster, Peter William Fieldhouse, 21, were recaptured today by a lone policeman, who chased and captured them one by one as they bogged down in deep snowdrifts.

The rifles they stole were .30 caliber weapons used in cadet training. These were recovered after the boys had abandoned them in the snow.

TRUMAN AGAIN ASKS
UNIVERSAL TRAINING

President Will Submit Plan to
Congress for Comprehensive
Youth Program

WASHINGTON, Feb. 21 (INS) -- President Truman Thursday renewed his plea for universal military training as a national preparedness measure.

The Chief Executive indicated at a news conference that he would soon submit recommendations to Congress for a comprehensive youth training program.

A special committee appointed by the President, headed by Dr. Karl T. Compton, has been holding hearings for weeks on a broad plan for training youths in the duties of citizenship and embracing military training.

President Truman gave emphasis to his advocacy of military training for youths to provide a reservoir of ready manpower in the event of a national emergency by recalling he served his state's national guard when he was 21.

The Chief Executive broadly intimated that he would not ask Congress to extend the Selective Service Act which expires on March 31.

He said a definite decision would be reached by him within a few days and would probably make known his views in identical letters to Senate President <http://www.legal-tools.org/doc/7dd8fb/> Truman Vandenberg and House Speaker Joseph Martin.
